**Bill Meridian writes:**

"In the late 1980s, the "Morton Downey, Jr. Show" invited Eustace Mullins, author of *Secret of the Federal Reserve* and myself to speak about the Fed on the air. I declined and Eustace accepted. About a month later, major sponsors pulled their backing and the show was cancelled. I recall reading an article in which Downey lamented that he could not understand why his life had suddenly taken such a downturn."
